

## REPUBLICANS SPENT \$6,869 FOR CAMPAIGN

Adams County's Republican Party spent \$6,869.57 during the recent campaign, according to the financial report filed today with the county election board by Treasurer Clarence C. Smith.

Receipts for the year totaled \$7,494.89, leaving the party organization with a current balance of \$625.32, according to the report.

While the year ended with the organization showing a surplus, there were some extremely "lean days" during the early part of the campaign, when the county unit had to borrow \$800 to send out literature.

The report also shows that the announced intention of County Chairman John H. Basehore to make the annual Lincoln Day program a time for honoring Lincoln rather than a money making device was carried out. Sale of tickets to the more than 280 who jammed the Hotel Gettysburg for the Lincoln Day dinner brought in \$565 to the treasury, but the dinner cost the party \$850. The tickets sold for \$2 each. Cost of the meal was \$2.40 a plate, and in addition there were expenses for the program and guests.

**Got \$3,000 Gift**  
Largest single amount received by the party was \$3,000 from the Pennsylvania Finance Committee. The largest single contribution by any one candidate was \$750 from Congressman S. Walter Stauffer. Francis Worley, Republican candidate for Assembly, gave \$150 to the party and State Senator Donald P. McPherson donated \$100. He was not a candidate this year.

The remaining \$2,129.89 came from donations by a number of smaller contributors, individuals who gave \$1 to \$10 and approximately 300 state employees who gave sums ranging from \$5 to \$150.

The expenditures included \$850 for the Lincoln Day dinner, \$795 for postage, \$900 for advertising and printing; repayment of the \$800 loan and amounts paid to the 150 committeemen and women and approximately 150 other haulers and watchers, plus \$400 for expenses for the county chairman.

## PLAY THURSDAY AT HIGH SCHOOL

Something new in dramatics at Gettysburg High School will be presented Thursday evening at 8 o'clock when the comedy, "Our Miss Brooks" will be given in the high school gymnasium—and the production may come closer to the original script for the play than the director, Miss June Roush, had planned. The play is about a play that "Miss Brooks," a school teacher and dramatic director familiar to radio and TV audiences, is preparing to give in the gymnasium of her school. In the script one of the characters is stricken with appendicitis just before the play is to be given.

**On Sick List**  
Early this week David Weaver, a junior in one of the leading roles of the Gettysburg High play, went on the sick list and a stand-in has been appearing for him at rehearsals this week and may take his place in the production Thursday evening.

The play is being given in the school gymnasium because the school is without an auditorium this year. Leading roles in the play are being taken by Joyce Kendelhart as "Miss Brooks," Helen Barber, Merle Gorman, Sandy Wolff, Nancy Neth, Nancy Ramer, Lorna Wisler, Jeff Langsam, Carl Westerdahl, Henry Fox, Elaine Rebert, Joyce Mehrling, Judy Crowl, Jane Warren and Jane Donley. Elise Scharf is business manager for the play and a dozen student committees are helping with preparations.

## FATALITIES ON COUNTY ROADS SHOW DECLINE

Fatalities on Adams County highways declined during November according to the monthly recapitulation of state police activities completed today by Sgt. Joseph Temple, retiring commanding officer of the local sub-station. Sgt. Temple, after four years here, was transferred to Harrisburg today.

There were 26 auto accidents investigated by state police last month. 12 persons were injured and property damage amounted to \$20,043.50.

But those figures showed an improvement over the 39 accidents, one killed, 32 injured and \$18,759 property damage recorded in October.

**Total Deaths Higher**  
And the current month's score of accidents on the county's highways showed November to have been a month of much safer driving than November, 1953. In that month there were 37 auto crashes, with one killed, 26 injured and property damage totaling \$23,455.

Despite improvement in the accident toll last month, the number of killed on the highways of the county this year exceeds the number of deaths last year. During 1953 nine persons lost their lives in auto accidents in the county. During the first 11 months this year 13 were killed. Five of that number died of injuries received from accidents in May.

Local State Police spent 307 hours on criminal investigations during the month, 1,208 hours on traffic duty, 1,401 hours on station duty, and 201 hours on special assignments.

**Travel Many Miles**  
They traveled 19,395 miles as drivers of state owned vehicles, 5,590 as passengers and 150 miles in their own cars on official duty. They made 406 patrols, 78 traffic arrests, and conducted 26 accident investigations. They made 31 investigations on criminal charges out of which seven arrests resulted.

At the present time Biglerville local has two delegates and York Springs one.

Wilbur F. Barkdoll, Waynesboro R. 1, director of district 25, of which the two county locals are members, reported on the activities of the cooperative for the past year. ## GIVE CONTRACT FOR NEW SPAN ON BERMUDIAN

Stewart and March, York contractors, were awarded the contract to place a concrete bridge structure over Bermudian Creek in Latimore Twp. by the Adams County Commissioners this morning.

The \$17,366 bid of Stewart and March was the lowest of six bids filed with the commissioners for placing the concrete bridge on the present approaches of a covered wooden bridge.

The covered bridge was destroyed late in the summer when a heavy gasoline truck dropped through the bottom of the wooden structure into the stream below. Engineers then determined that it would cost more to rebuild a new covered bridge than to replace it with a concrete structure that would carry much greater weights.

Originally the contract was to have been awarded last week, but when one of the seven bidders submitted an estimate of \$11,000 while the other six bids ranged from the \$17,366 figure up to \$20,000 the commissioners postponed action until they could contact the company submitting the abnormally low bid. That company, the commissioners said today, withdrew its bid reporting to the commissioners that it had found an error in its calculations.

The commissioners today also had a duty to perform that in recent years has become a less and less frequent occurrence—they made a \$75 payment in connection with the death of the widow of a Civil War Veteran, and estimated that possibly the widow, a Littlestown woman, was the last widow of a Civil War veteran in the county. Her husband had been discharged from the army in 1865.

FIRST LINK IN  
OHIO TURNPIKE  
OPEN TO PUBLIC

YOUNGSTOWN, Ohio (AP)—A new era in Ohio highway transportation began today with the opening of the 22-mile Eastgate Section of the Ohio Turnpike in Mahoning County, first such roadway in the state.

The Eastgate Section, first portion of the 241-mile Northern Ohio Turnpike opened to traffic, provides a direct link with the Pennsylvania Turnpike at the Ohio-Pennsylvania line a few miles west of Petersburg, Ohio. The entire turnpike's estimated cost is \$26 million dollars.

Turnpike officials called the occasion an historic one, labeling it the beginning of the eastern turnpike system which by 1957 will provide a limited-access, multiple-lane divided expressway all the way from New York to Chicago via the turnpikes of New Jersey, Pennsylvania, Ohio and Indiana.

Link Two Other States  
Upon completion on Oct. 1, 1955, Ohio's turnpike will link the eastern turnpike with those planned or under construction in Indiana and Illinois.

The speed limit for the Eastgate section and the entire Ohio pike when opened will be 65 m.p.h. for passenger cars.

A series of ceremonies for the occasion began at the Niles-Youngstown interchange at U.S. 18, and included later programs at the Youngstown interchange at U.S. 7, Eastgate terminal and the Ohio-Pennsylvania line.

Ohio Gov. Frank J. Lausche greeted Pennsylvania Gov. John S. Fine at the state lines. The governors, with Ohio Turnpike Commission Chairman James W. Shocknessy and T. J. Evans, chairman of the Pennsylvania Turnpike Commission, participated in ribbon-cutting ceremonies marking the first physical joining of toll roads of two major states.

Fine Praised Work  
Gov. Fine praised the linking of the Ohio and Pennsylvania turnpike systems as a step toward "the dream many of us have had of spanning the entire length and breadth of this great country with connecting turnpikes."

In a speech prepared for the ceremony near Petersburg, Fine said:

"With this start on the Ohio Turnpike, all of us can anticipate that at a time not too distant a motorist will be able to drive from the East Coast to Chicago and even still further west without once leaving behind all the comfort, safety and convenient traveling facilities of the valued and proven turnpike systems."

Give Up Hope For  
Buried Pa. Miner

ST. CLAIR, Pa. (AP)—A second rock slide has forced rescue crews to abandon hope of reaching a trapped coal miner alive in 280-foot-deep anthracite shaft here.

NECESSARY FOR  
JAPS TO KNOW  
MENACE OF REDS

TOKYO (AP)—Prime Minister Shigeru Yoshida, in stinging replies to his Diet (Parliament) critics, said today, "It is very necessary for the Japanese to know the real menace of the Communist offensive."

And he snapped at opponents seeking to oust him: "The Liberal party will decide when and whether I should step down."

The 76-year-old leader fought back at critics who attacked him for being too "pro-American."

Two-Pronged Drive  
"It is necessary to oppose communism," he said. "If that is called 'alignment with America only,' I say all the free world is aligned with America only."

Critics both on the left and right have combined in a two-pronged drive to oust Yoshida from office. The newly formed Democratic party—made up of conservatives like Yoshida—and the Socialists oppose the leader whose more than six continuous years in office is by far a Japanese record.

Yoshida's Liberals, a conservative group, still are the largest party in the Diet, but the Democrats and Socialists could push a nonconfidence motion and force new elections.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

**Twenty-Five Years Ago**  
Silver Fox Is Captured: J. Har-  
old Rife, a member of the track  
squad at Gettysburg College, got  
some unexpected practice recently.

While engaged in cross-country  
practice, Rife was informed by some  
Reading railroaders that a silver fox  
was running at large some distance  
north of Gettysburg.

Rife immediately set out on a  
cross-country jaunt not on the track  
coach's program. After sighting the  
silver fox, Rife was joined in the  
chase by Leo Riley, Gettysburg R. 10.

Together the two men chased, the  
fox for more than a mile before they  
succeeded in cornering it and cap-  
turing it alive.

Riley knew that the fox was one  
which had escaped from the farm of  
John Fleck, six miles north of Get-  
tysburg, who raises silver foxes.

Fleck valued the fox at \$200 and  
had secured fox hounds in an effort  
to run down the animal, but the dogs  
were unsuccessful, rain having ob-  
literated the scent.

Fleck showed his appreciation of  
the efforts of Rife and Riley in re-  
turning the valuable animal to him  
by giving each of them a reward.

**Robert Codori Scores In Show:**  
According to the current issue of  
"The Mountain Echo," Mount Saint  
Mary's College publication, Robert  
Codori, son of Mr. and Mrs. W. F.  
Codori, York Street, scored a hit in  
the presentation of the "Merry Min-  
strels" at the college.

Codori "had the audience tapping  
and humming with his racy pre-  
sentation of 'Gotta Feeling For  
You,'" the paper reported.

**Turkeys Sell 29 Cents A Pound In**  
Gettysburg: Local restaurant pro-  
prietors today confirmed reports  
from the U. S. Department of Agri-  
culture that the prices of turkeys  
would be lower this year than at any  
time during the last seven or eight  
years.

One merchant reported buying a  
number of turkeys from a county  
farmer for 29 cents a pound. An-  
other demanded 35 cents but lowered  
his price when he learned that a  
competitor had slashed six cents off  
his previous quotation.

**Miss Mary Ramer Operated Upon:**  
Miss Mary Ramer, Baltimore Street  
real estate and insurance agent, sub-  
mitted to an operation for appendi-  
citis at the Warner Hospital this  
morning (November 26). She is re-  
ported to have withstood the opera-  
tion nicely.

**Emmitsburg Club Formed:** Two  
hundred persons are expected to at-  
tend the banquet and ceremonies at  
the Hotel Slagle, Emmitsburg, this  
evening (November 26) in connection  
with the presentation of the charter  
of the newly-organized Lions Club  
of that place.

The club was organized in Sep-  
tember with an enrollment of twenty  
members, including prominent pro-  
fessional men and merchants of the  
community, and has made rapid  
strides along the lines of community  
work.

The officers of the Emmitsburg  
Lions are as follows: President, J.  
Ward Kerrigan; first vice president,  
L. L. Mondorf; second vice presi-  
dent, M. J. Thompson; third vice  
president, John H. Rosensteel Jr.;  
secretary, George Wihide; treasurer,  
M. P. Shuff Jr.; lion tamer, Charles  
Mort; lion twister, Dr. W. R. Cadie;

**Church Chimes To Be Played On**  
Thursday: An hour's concert on  
the Dull Memorial Chimes, recently  
installed in the belfry of St. James  
Lutheran Church, York Street, will  
be given Thursday morning, the Rev.  
Earl J. Bowman, pastor, announced  
today.

The chimes, consisting of eleven  
notes, may be played either from the  
console of the pipe organ in the  
church or automatically, similar to  
the operation of a player piano.

They were installed by the McShane  
Foundry Company, Baltimore, who  
also cast the bell for St. James  
Church in 1889.

The chimes were made possible by  
a legacy left by William H. Dull of  
Gettysburg who died two years ago.

## Today's Talk

## CONFIDENCE IN LEADERSHIP

People do not follow a leader  
in whom they do not have con-  
fidence. In fact there is no free  
path to leadership except through  
confidence. You have to believe in  
a man before you consent to fol-  
low, or be guided by him.

To have the confidence of your  
friends, the people for whom you  
work, to be trustworthy, no mat-  
ter where you are placed, are  
wonderful assets. This confidence  
is something money can not buy.  
It has to be within one. If it is  
there, however, that person having  
it—that is, the confidence of others  
—owns the highest of recommen-  
dations.

No leader has power without the  
confidence of those under his  
leadership. He depends upon them  
to give him confidence! It works  
both ways. In every emergency  
people look for the leader for there  
always has to be one. If we  
didn't have leaders, in every ave-  
nue of our social and business  
life, we would get nowhere.

It takes personal dedication and  
unselfish service to establish one's  
leadership, but few other things  
give such satisfaction. We feel  
that life is well worth living, when  
we take the opportunity to admin-  
ister to the needs and calls of  
other people. We and the com-  
munity are one, and it can easily  
become a thrill to lead in earning  
the confidence of one's fellow man.

It is essential for all leaders to  
have the confidence of those for  
whom they have been chosen to  
lead. Should this leadership be  
one by appointment, in itself it  
is an expression of confidence.  
The king is the man who can. It  
is his spirit that inspires confi-  
dence and the will to dare and  
do. It is far better to have confi-  
dence in leadership than to find  
fault with it. Could we do better  
—and would we?

Tomorrow Mr. Adams will talk  
on the subject: "Evidence Of God  
Is Everywhere"

## PLAYING PATIENT

I'm going to play patient for  
nurses in session  
And tell them my views of their  
noble profession.  
I know a few things I shall  
certainly mention:  
From sunrise to bedtime I've had  
their attention.

I've watched them come in with  
a smile meant to wheedle,  
Knowing well I was due to be  
jabbed with a needle.

I've been ill, but I'll vow that I've  
seldom been surly.  
I've smiled when they've brought  
me my breakfast too early.  
I've been wakened from sleep  
without any excuses.

To swallow their pills and their  
daily fruit juices.  
I've mouthed their thermometers  
many a minute.

While they made my bed with  
me still lying in it.

I've ridden their wheel chairs, in  
blankets well swaddled,  
Arm in arm with my nurse down  
the hallway I've toddled.

I've said not a word when their  
writing chore started,  
I knew for the doctors my case  
must be charted.

I'd shout from the house tops and  
every church steeple:  
The nurses, God bless them, are  
wonderful people.

of Mr. and Mrs. Luther Basehore,

the afternoon in St. James Lutheran  
Church. The Rev. Earl J. Bowman,

To Miss Wible and Mr. Basehore  
goes the honor of being the first

fire in October, 1928. As the cere-

Queen Declares World Peace  
Hinges On U.S.-Britain Pact

LONDON (AP)—Queen Elizabeth II,  
opened the new session of Parliam-  
ent Tuesday with a declaration that  
world survival depends on the  
continued intimate association of  
Britain and the United States.

The young monarch delivered her  
speech from the throne in the red  
and gold splendor of the House of  
Lords chamber. She spoke the  
words prepared for her in accord-  
ance with parliamentary tradition  
by Prime Minister Sir Winston  
Churchill, today celebrating his  
80th birthday.

Robed peers crowding the  
benches and members of the House  
of Commons ranged along the walls  
heard the Queen say:

"My government attach the high-  
est importance to maintaining and  
strengthening close and friendly re-  
lations with the United States of  
America. It is upon this intimate  
association that world survival de-  
pends."

**Promote World Peace**  
She said that in the session  
ahead, a short meeting ending Dec.  
23, her ministers "will strive un-  
flinchingly to promote the well-being  
of my people and the peace of the  
world."

"My government are convinced  
a strong and united Commonwealth  
can take a leading part in the  
councils of nations," she declared.

The Queen's speech represents  
the basic policy Churchill's Con-  
servative government will follow.  
During the next few days it will  
be analyzed and debated in Parliam-  
ent.

**Favor Close Partnership**  
Her reference to the United  
States means Churchill is as firmly  
committed as ever to the principle  
of close British-American partner-  
ship to promote peace.

The Queen also stressed that  
the government will give wholehearted  
support to the United Nations and  
the North Atlantic Alliance.

She said the Cabinet will:

1. "Continue their efforts to pro-  
mote security and prosperity in  
Southeast Asia and to uphold the  
Indochina settlement concluded at  
Geneva."

2. "Persevere in their efforts to  
conclude an Austrian state (inde-  
pendence) treaty."

**London-Paris Pact**  
The Queen said her government  
trusts these policies regarding Ger-  
many "will so develop the unity  
and strength of the free nations  
that the essential basis will be es-  
tablished on which an undertaking  
with the Soviet Union may be  
sought."

On domestic affairs the Queen's  
speech committed Churchill's gov-  
ernment to increase social security  
benefits, including old age pen-  
sions; to undertake an expanded  
road construction program; and  
to improve the education system  
with particular emphasis on pro-  
viding more facilities "for higher  
technological education."

tis Publishing Co. from 1913 to

PHILADELPHIA (AP)—A "signifi-  
cant spiritual revival" is develop-  
ing in the U.S. and may help solve  
the juvenile delinquency problem,  
Federal Judge Harold R. Medina  
said Monday night.

Judge Medina, who presided at  
the U.S. District Court trial of 11  
top Communist leaders in New  
York in 1949, spoke at the opening  
dinner meeting of the Distinguished  
Awards Jury of Freedoms Founda-  
tion.

"People are becoming more re-  
sponsive to the spiritual quality of  
freedom, of justice and good will,"  
said Judge Medina.

Juvenile delinquency, he added,  
can be curbed by the same sort of  
spiritual revival because "there is  
a craving in the soul of every  
youngster for spiritual food."

HOPE PRESSURE  
ON RED CHINESE  
WILL FREE 13

By WARREN ROGERS JR.  
WASHINGTON (AP)—Steady pres-  
sure aimed at arousing world feel-  
ings shaped up today as the main  
U. S. plan for winning release of  
13 Americans jailed by Red China,  
despite new urging for more direct  
action.

Support for a tougher approach  
came from Sen. McCarthy (R-  
Wis.). He declared he is "in com-  
plete sympathy" with the proposal  
of Senate Majority Leader Know-  
land of California to blockade the  
China coast.

He said in an interview he  
doubted a single American warship  
would be needed to create a block-  
ade. He suggested the United  
States could impose one by telling  
its allies they would get no more  
aid as long as they kept shipping  
goods to Communist China.

**Opposes Blockade**  
Sen. Sparkman (D-Ala.) said he  
is opposed to any blockade but the  
United States should "pursue Rus-  
sia as much as we can to use her  
influence with the puppet Peiping  
government" to halt aggressive  
acts.

Secretary of State Dulles' short-  
outward strategy for liberating the  
11 U. S. airmen and two Army-  
employed civilians appeared to  
center on the marshaling of world  
opinion.

Dulles said during his Chicago  
speech Monday night that the  
United States would "exhaust  
peaceful means of sustaining our  
international rights and those of  
our citizens."

**Ask For 13 Or 68**  
He ruled out, with backing from  
the White House made public yes-  
terday, any "war action such as  
a naval and air blockade of Red  
China."

Knowland told newsmen he saw  
no great break between him and  
the administration on that score,  
but only a difference of opinion.

In any event, one problem fac-  
ing U. S. officials was this: Should  
their actions be directed at seek-  
ing freedom for the 13 recently im-  
prisoned or should they go whole  
hog and demand the release of  
all 68 American citizens believed  
to be held inside China against  
their will.

TOKYO (AP)—Japan has agreed  
to pay \$12,600,000 in compensation  
to 13 nations whose soldiers it held

An agreement initialed Tuesday  
provides the money will be paid

tarily relinquished its claim.

The payment was required by  
the San Francisco peace treaty.

British minister to Japan, initialed  
the agreement on behalf of the 13  
nations, including the United  
States. Yoshimitsu Ando, counsel-  
or of the Foreign Ministry, ini-  
tialed for Japan.

mid-October negotiating the settle-  
ment, which must be ratified by  
the governments involved.

COMMERCIALS  
ON TV ARE TOO  
LONG AND LOUD

By WAYNE OLIVER

NEW YORK (AP)—Ever have the  
sound on your TV set adjusted  
nicely for the program only to be  
almost blasted out of your chair  
by the commercial? Ever feel  
sometimes that there are only  
brief interruptions of the commer-  
cials for entertainment?

Then you have company. Those  
are among the abuses singled out  
by Chairman Deems Taylor and  
fellow judges of the Sylvania Tele-  
vision Awards Committee in their  
annual report last night.

The committee gave TV credit  
for "a definite upward swing in  
the quality of programs" in the  
past year but added that "unfor-  
tunately, television retains some  
less commendable features."

**Many Miss Target**  
"There still is too much time  
and energy devoted to trite, banal  
and downright silly concoctions,"  
it continued. "Many shows, in aim-  
ing at the widest possible audience,  
altogether miss the target of true  
entertainment values."

Among the specifics cited against  
TV was the "pitchman technique"  
in which "announcers manage to  
turn a purported program into one  
long, repetitious commercial."

The committee also deplored  
"putting pressure on parents . . .  
through the children" and the fact  
that "youngsters are taught o-  
chant singing commercials much  
the way they once learned nur-  
sery rhymes."

**Ammunition For Censure**  
And on many programs shown  
at hours when children are watch-

ing, it said, "specific details of  
crime and clever criminal tech-  
niques are graphically shown" but  
"the actual punishment is left to  
the viewers' imagination." At no  
time, the committee added, "do  
the impressionable youngsters  
learn what it is like to spend a  
large portion of one's life in pris-  
on."

Warned the committee: "Al-  
though we deplore censorship in  
any form, we cannot but feel that  
television, by failing to cope with  
its own problems, is providing po-  
tent ammunition to those who are  
anxious to impose restrictions up-  
on it."

Senate Assured Of  
McCarthy Vote Soon

WASHINGTON (AP)—The Senate,  
assured of a final vote possibly  
Thursday on the McCarthy censure  
controversy, had trouble Tuesday  
rounding up enough senators to  
conduct business.

Only about 25 answered the first  
roll call and Republican leader  
Knowland (Calif.) had to ask the  
sergeant at arms to "invite the  
attendance of absent senators" be-  
fore a quorum of 49 was on hand.

Sen. McCarthy himself was among  
the missing.

It was 40 minutes after the 10 a.m.  
meeting hour before Sen. Brown  
(R-Nev.), an opponent of censure,  
swung into the day's first speech.

## EB DRIBBLERS LOSE OPENER

East Berlin High School opened its basketball season Tuesday evening by dropping a 61-41 decision to the undefeated Manchester eagles on the East Berlin court. The victory was the fourth straight for Manchester.

## L'SARZA AND CASTELLANI ON DOUBLE CARD

CLEVELAND (AP) — Roland La Starza and Rocky Castellani, a pair of handsome boxers with lost championship bids in their memoirs, meet two powerful sluggers tonight on the Cleveland News' annual Toyshop boxing card.

La Starza, of New York, once the top-ranked heavyweight contender, will be opening a comeback drive in a 10-rounder against a crude but hard-hitting opponent, Charlie Norkus, of Port Washington, N.Y.

That bout will be televised from the Cleveland Arena by CBS-TV at 10 p.m., EST.

La Starza, Castellani Favored  
Cleveland's Castellani, like La Starza a fancy boxer, meets Moses (No Clinch) Ward, of Detroit, another middleweight who counts more on punching power than footwork skill. That fight also is scheduled for 10 rounds.

The experienced La Starza was a 3-2 favorite over the wild-swinging Norkus. Castellani was favored over Ward, 9-5.

La Starza has been out of action since he lost a close one to England's Don Cockell in London last March 30. In 1953 La Starza was stopped in 11 rounds in a title fight with champion Rocky Marciano.

Castellani, the No. 3 contender, was outpointed by middleweight champion Bobo Olson in San Francisco last September, but not too impressively. Castellani sent Olson to the floor once in that battle and later hit the canvas himself, but he was carrying the fight to the champion at the finish.

Coach Jake Diviner's Indians trailed the throughout, dropping behind 15-6 in the first period and being on the short end of a 37-12 count at half time.

Much improvement was shown by East Berlin in the second half but Manchester's big lead was never seriously threatened.

Lanny Oberlander, East Berlin guard, was the top point man of the evening with eight field goals.

The Manchester reserves won the preliminary game 34-15.

East Berlin will play at Dover Friday evening.

## Elizabethtown 5, Here Tonight, Win First Game

Tonight at 8 o'clock the Gettysburg College basketball team launches its 1954-55 schedule when it entertains Elizabethtown College here.

A warning that the Bullets may receive stiff opposition was sounded Tuesday evening when the Blue Jays walloped the Philadelphia Pharmacy quintet 102-68. Jim Chase and Jim Sarabough, freshmen, and Harvey Jacobs, senior, were the big guns for Elizabethtown in the triumph. Chase and Sarabough accounted for a total of 42 points while Jacobs netted 24.

Following tonight's game the Bullets travel to Annapolis Saturday for an engagement with Lebanon Valley.

## SPRING GROVE DEFEATS NO 5

After holding Spring Grove to a scant 14-11 lead in the first period, the New Oxford High School boys fell behind 31-18 at half time and dropped their opening game at Spring Grove Tuesday evening 65-35.

Russ Sohlleitner's countout, outplayed improved ball in the third period to outscore Spring Grove by a point but then fell apart completely in the final stanza.

Scoring for New Oxford was evenly distributed with Bill Little landing 10.

The New Oxford reserves dropped the preliminary 55-23.

Next Monday evening Northern Joint of Dillsburg will play at New Oxford.

Charles Town Meet  
To Open Saturday

CHARLES TOWN, W. Va., Dec. 1 (AP) — Thirteen days of horse racing, closing out the eastern circuit, will begin next Saturday at Charles Town race track.

A pioneer in off-season racing, the Charles Town Jockey Club has conducted December meetings for the last twenty years.

The opening day feature will be the Charles Town Inaugural, a seven-furlong \$2,000 purse race for 3-year-olds.

The family angle also involves two husband-and-wife teams, one, the dancing duo of Walter and Irene, has transferred ballroom dancing to the frozen surface. The other spouses are comedian Pat Shanahan and his bride, Betty Schalow. Betty first appears in the famed Swing Waltz, which is more or less synonymous with Ice Follies. Later in the "Plant G" sequence, she displays the strong skating skill and ballet interpretation which has made her a favorite these many years.

Richard Dwyer, who at 19 is the successor to the topper and tails of Roy Shiptad, once again proves his right to the Shiptad mantle in his role of the Young Debonair. Also, he performs with his new partner, Georgiana Sutton, in a pair number, as well as in the swing waltz.

WILMINGTON, Del. (AP) — A large building containing bowling alleys and a luncheonette was destroyed by fire yesterday. Four fire companies battled unsuccessfully to save the structure.

Only portions of the walls remained standing after the blaze was finally extinguished an hour later.

State Fire Marshal Walter J. La Rue said it probably would cost \$250,000 to replace the building and fixtures.

The structure contained the 10 alleys of the Boulevard Bowling Center. The blaze, firemen said, apparently was caused by a short circuit.

and 304, respectively. However, Red lost 24 points and Moon 22 in the final half.

In the American League, Boston's Billy Goodman was a rough hitter the last half, hitting .328 to gain 26 points on his first half average. He finished with 303.

Other 300 hitters who showed a gain were Andy Carney and Yogi Berra, both going 19 points above their first half marks: Philadelphia's Jim Finigan who gained 10 points; Orestes Minofo who gained nine points and Nellie Fox who was one point higher.

another pitcher's pest the last half. The Dodger captain had his best season as a hitter with 309. The last half Reese hit .329. And his career was supposed to be finished, or at least Dodger detractors said so.

Also in the National League, Pittsburgh's Sid Gordon went to .305, hitting 15 points better the last half, and Philadelphia's Richie Ashburn showed a last half eight-points plus to hit .313.

Of the National League's 300 hitters, Brooklyn's Duke Snider tallied off the most. He went from .367 the first half to .341, a loss of 26 points. He hit .313 the last half. Two Cardinals, Red Schoendienst and Wally Moon, hit .315

Mays hit .363 the last half for a .345 average for the campaign and is the first Negro to lead both leagues in hitting. In 1949 Jack Robinson led the National League with .342 but tied for top honors in the majors with George Kell who hit .342 for the Red Sox.

Cincinnati's slugging Ted Kluszewski had a terrific last half. Besides driving in 77 runs in the last 73 games for a 141 total he powdered the ball for .340 to finish with .326.

The Dillsburg Junior Chamber of Commerce will conduct a toy drive Saturday, December 4. These toys will be turned over to local Cub Scouts for repair, painting and distribution. Town folks are asked to help these young boys to brighten some other child's Christmas and to bring cheer into the lives of the shut-ins and under-privileged during the coming year. It is suggested that toys needing repair be limited to those which can be fixed by boys of the Cub Scout age, 8 to 11, and others which can possibly be repaired by using wood for making necessary replacements. Toys should be placed on the curb Saturday not later than 10 a.m. when local Jaycees will make the collection.

## POSTAL MANUAL REVISED TODAY

Postmaster Lawrence E. Oyler, of Gettysburg, today called to the attention of mail users major new postal regulations being issued effective December 1 which will provide important changes and simplifications in the use of the mails.

The Post Office Department is issuing a final edition of a history-making new postal manual which contains these changes in simple form. The new manual will bring together in less than 300 pages public-interest postal regulations formerly scattered through 4,000 pages of dense print.

This publication may be obtained at 65 cents a copy from the Superintendent of Documents, Washington 25, D. C. Mail users anxious to keep abreast of all changes in this material that may be made from time may get both the pamphlet in loose-leaf format and a year's subscription to all sheets making changes for a total of \$2, also from the Superintendent of Documents, the postmaster noted.

The revision of the Postal Manual, Postmaster Oyler said, represents what Postmaster General Arthur E. Summerfield has described as the most complete revision of regulations in the history of the U. S. Post Office Department.

The Department on October 21 issued the first preliminary edition, and Postmaster General Summerfield invited the general public, as well as large mailers and postal employees, to suggest constructive revisions for incorporation into the final edition. At that time, the final edition was set for November 20, but, because of the volume of the many worthwhile suggestions offered, its publication date was moved up to the present December 1.

The final regulations have been filed with the Division of the Federal Register in Washington and become legally effective today.

SCRANTON, Pa., (AP)—A federal grand jury was called to session here today to investigate the slaying of William W. Remington, former government economist convicted of perjury in a Communist espionage case.

Two physicians who tried vainly to save the 37-year-old economist's life at Lewisburg (Pa.) Federal Penitentiary last week, were slated to testify on Remington's injuries. They are Dr. Charles Tomlinson, prison physician, and Dr. Leon Witkin, of Milton, Pa.

Dr. Witkin was called to the prison when Remington's condition became critical after he was beaten with a half-brick encased in a sock Nov. 22. He died of a skull fracture Nov. 24.

**3 Are Charged**  
Three convicts are charged with Remington's death. They are Lewis Cagle Jr., 17, Chattanooga, Tenn.; George Junior McCoy, 34, Grundy, Va.; and Robert Carl Parker, 21, Washington.

Remington, a former Commerce Department official, was accused of lying when he denied he ever passed secrets to a Communist spy ring. He was serving a three-year term.

James V. Bennett, director of the Federal Bureau of Prisons, has said more than one motive may

## James Finnegan Seeks Big Post

HARRISBURG (AP)—James Finnegan, Philadelphia City Council president, today carries the endorsement of Gov.-elect George M. Leader for the post of Democratic national chairman.

Leader said Monday he "most certainly would be for him (Finnegan). But I would hate to see him leave Pennsylvania."

"He would make a wonderful national chairman," Leader added. The governor-elect said he will leave Thursday morning for New Orleans to attend a meeting of the Democratic National Committee at which a successor to Chairman Stephen Mitchell is expected to be named.

have been involved in Remington's death.

There has been speculation that the attack may have been a protest against the release of Alger Hiss, paroled Saturday from the prison, or against communism in general. But prison officials denied both theories.

Cagle was quoted by prison officials as saying the motive was strictly robbery.

Bennett said the suspects occupied a room across from Remington's. But commenting on the possibility of the robbery motive, he said prisoners are restricted in commissary purchases and don't have much of value in their possession.

He said "all the facts are going to come out" during an investigation by the Bureau of Prisons. The FBI is also probing the case.

## Strike Is Averted; See Auto Battle

DETROIT (AP)—A Chrysler strike was averted today, making certain a full-scale automobile market battle among the industry's "Big Three."

Negotiators for Chrysler and the UO United Auto Workers reached an agreement in the dawn hours after 19 hours of marathon sessions.

The settlement preserved Chrysler's place in the 1955 car market race. A strike could have shut down all Chrysler's operations, idling 150,000 men and leaving the big competitive battle to Ford and General Motors alone.

The Chrysler settlement came in the literal last hour, actually 50 minutes before the 7 a.m. deadline, it was announced by weary negotiators at 6:10 a.m.

At issue were contract terms for 850 office workers at Chrysler's key automotive body division.

NORTH CONWAY, N.H. (P)—A big air and land search gets under way today for a Northeast Airlines plane, missing since yesterday noon on a northbound flight over the vast White Mountain National Forest.

The passengers were listed as James W. Harvey, Watertown, Mass.; W. Miller, Philadelphia; and Daniel H. Hall, Montclair, N. J.

The aisles of the rear showroom are covered with a deep, tweed carpeting with a rubber cushion, and it is lighted by indirect fluorescent ceiling lights. The walls have been painted pale green and rose and Venetian blinds cover all of the windows.

"We are improving our stock, too," said Mr. Wentz. "We are adding several nationally-known lines of living room, dining room and bedroom sets. In addition we have complete stocks of floor coverings, gas and electric appliances office equipment, lamps and Venetian blinds."

However, all is not new in the remodeled Wentz building. Framed on the wall is the original deed of the Baltimore St. property, dated 1793 and signed by James and Mary Gettys. It shows its age, but it is still easily legible.

Roy W. Wentz has also been around for a while. A native of Gettysburg, he attended Gettysburg High School and Pennsylvania Business College, Lancaster. He worked in the office of the Reaser Furniture Co. for 13 years. In February, 1922, he bought out the H. B. Bender Furniture Store, located on his present site, and he has been sole proprietor ever since. In 1938, he purchased the building.

His sons, Harold W. Wayne F. and Robert E. Wentz, have all been associated with the business since they graduated from Gettysburg High School.

"Some people thought that we had gone out of business when we were closed up for so long," Mr. Wentz said. "But we weren't. And now we're really ready for business."

LOS ANGELES (P)—Field Marshal Montgomery says the West "will never win the war in the air with the organization for air command and control that we have at present."

Britain's World War II hero said: "The present organization is unworthy of a group of nations who claim to have some knowledge of war."

Speaking Monday night to California Institute of Technology scientists, Montgomery prefaced his remarks on a possible future world hot war by saying: "I want to make it absolutely clear that we at Supreme Headquarters Allied

Powers, Europe, are basing all our operational planning on using atomic and thermonuclear weapons in our defense."

NORTH ARLINGTON, N. J. (P)—A red haired woman was bludgeoned to death Tuesday and her nude body tossed on an unpaved road in an undeveloped area of Holy Cross Cemetery.

The battered body of the unidentified victim was discovered by two policemen on routine patrol. Authorities said it could not immediately be determined whether the woman had been attacked.

Blood still was flowing from head wounds when the woman was found by police. It was theorized that

she had been slain a short time before the patrol car arrived on the scene.

NEW YORK (P)—A rally in Madison Square Garden roared its support for Sen. Joseph R. McCarthy (R-Wis) Monday night and strongly protested the Senate motion to censure him.

The wildly enthusiastic crowd, estimated at 13,000, applauded speaker after speaker who praised the senator and condemned his critics. Some of the loudest acclaim was won by the senator's wife Jean and Roy M. Cohn, former counsel to McCarthy's investigating committee.

# New Attorney General Will Enforce Law Against Bingo

By JOHN KOENIG JR.  
HARRISBURG (AP)—Herbert B. Cohen, selected by Gov.-elect George M. Leader for attorney general in the new administration, says he will prosecute any illegal bingo games reported to him.

"We're going to enforce the law—and that goes for everything, including bingo," Cohen told his first news conference yesterday.

Cohen, 54-year old York Attorney and close political associate of Leader, reiterated he would "enforce the law" when asked if slot machine raids would be made by the Democratic administration.

During the administration of Gov. John S. Fine and his Republican predecessors, Col. C. M. Wilhelm, state police commissioner, has taken the position that bingo is a matter exclusively for local prosecution.

**Bingo Bills Failed**  
Cohen termed this stand a "deduction without meaning."

"The position we take is that enforcement over the state will be uniform irrespective of the crime," he said.

Bills have been introduced in the General Assembly a number of times to legalize bingo in Pennsylvania but have died in committee.

Cohen said that only by legislative action can the law of the commonwealth be changed. When the Legislature writes it into the books, he said, then the law should be enforced.

"There will be no violation of the law with the acquiescence of the government," he said.

Cohen took his stand on bingo games and law enforcement in explaining to newsmen what part the Justice Department will play in Leader's administration.

**"Legislative Headache"**  
"Administrative problems will be simple," he said. "The legislative will provide the big headache."

Cohen has considerable legislative experience himself. He was elected to the State House four times from 1932 to 1938 and served as Democratic floor leader as well.

The first tasks of the Leader administration, the 54-year-old attorney said, will be reorganization of state functions, streamlining the administrative code and classifying jobs by departments.

Cohen said that as yet he has given no thought to changes in personnel in the Justice Department. He would have the power to replace numerous deputy attorney generals serving around the commonwealth.

Also named by the attorney general with approval of the governor are a number of counselors for the Public Utility Commission and the commissioner of correction, who heads the state's reorganized prison system.

Cohen's appointment yesterday came as no surprise as Sen. Joseph M. Barr, Democratic state chairman, indicated some time ago the York attorney had the inside track.

Cohen said he wants to "get the feel of the office" before he decides on personnel choices and other situation that will arise.

Asked whether he would seek to

# MARIE DIONNE QUILTS SCHOOL

MONTREAL (AP)—Marie Dionne, frailest of the four remaining quintuplets, has given up her second venture into the world beyond her home. Her sister said last night the 20-year-old girl is "very tired" and has returned to her parents from a Roman Catholic college here.

The quint's elder sister Mrs. Maurice Girouard, of Waterloo, Que., said Marie went to the family home in Callander, Ont., for the Nov. 1 All Saints holiday and had not returned to her domestic science studies at Marguerite Bourgeoys College.

School officials said the girl had left because of ill health. Her father Oliva said in Callander Marie was not sick but had come home because she didn't like the school.

**Needs Peace, Quiet**  
Mrs. Girouard gave this explanation: "When she got home, Marie saw Mum was lonely and decided to stay for awhile. . . . She has gone home to get a good rest. She is not ill but she needs peace and quiet."

Shortly before her sister Emilie's death last summer, Marie ended her first try at life away from her family. Reportedly homesick and in ill health, she quit the Quebec convent of a cloistered order where she had been a postulant for eight months.

Mrs. Girouard said the girl's health had improved steadily at home and she had felt well enough to start school last September.

Another quint, Annette, is studying music at the same college, and Yvonne and Cecile are student nurses at a Catholic hospital in a Montreal suburb.

# Pennsy Moves For More Coal Hauling

PHILADELPHIA (AP)—The Pennsylvania Railroad has reorganized its coal traffic department in a bid for a larger share of the nation's coal shipments.

Named general coal traffic manager yesterday was W. Parker Stuart, traffic manager of coal sales since May, 1953.

Three regional managers were named to serve under Stuart. They are: Lynne Graburn Jr., eastern division, Philadelphia; Herman H. Lippold, central region, Pittsburgh; and Martin E. Klein, western region, Chicago.

supersede James F. Malone, Republican district attorney of Allegheny County, in prosecuting 15 GOP leaders on macing charges, Cohen said. "I would think not."

When asked his reaction to a \$64,000 suit filed against him by a York woman who claims he allowed the statute of limitations to expire in a damage suit filed by him in her behalf, Cohen said:

"I don't think we ought to fight the law suit in the newspapers—but through the courts."

# 700 Students Ask McCarthy Censure

PHILADELPHIA (AP)—Two Swarthmore College students left for Washington today with a petition urging a Senate vote for censure of Sen. McCarthy (R-Wis.).

The petition was signed by 700 members of the student body and faculty, including President Courtney Craig Smith. Dr. Smith said he and the other signers acted as individuals not for the college.

The college has an enrollment of about 950 and over 100 teachers. He said the petition would be handed to Pennsylvania's two Republican senators, Edward Martin and James H. Duff.

The censure vote is expected to start late today.

# MISSING PLANE MAKES LANDING; 3 MEN UNHURT

BUFFALO, N.Y. (AP)—The Civil Aeronautics Authority reported today that a single engine plane with three men aboard, missing between here and Utica, had been found crashed on a farm seven miles north of Naples in Ontario County.

At Syracuse, the control tower at Hancock Airport said it had received a telephone call from Russell Davies of Peoria, Ill., who identified himself as the pilot of the plane.

**Blame Bad Weather**  
Davies said, the tower reported, that the plane had been forced down by bad weather in the Rochester area and had sustained little damage in the landing. He said the other two passengers were "safe" and had "walked away" from the craft.

Davies told the tower that he had brought the ship down near the Ontario County village about 3 a.m.

An ambulance from the Thompson Memorial Hospital in Canandaigua was en route to the scene. The identity of the two passengers was not known immediately.

# Dies Of Peritonitis After Operation

LOS ANGELES (AP)—Fear that childbirth would interfere with her plans to break into the movies was blamed today for the abortion death of former swimming champion Virginia Hopkins Watson, 32.

Her husband, Arthur Watson, told police he wanted a child, but that his wife had a movie part in "Jungle Jim" with Johnny Weissmuller. He told Detective Sgt. Herman Zsander that his wife informed him she underwent the surgery Nov. 18 and noticed no ill effects until last Friday. She died of peritonitis late Monday night in Los Angeles General Hospital.

Police seek to determine who performed the illegal operation.

# GLEASON SAYS HE QUIT P.M.A.; WAS NOT FIRED

HARRISBURG (AP)—Andrew J. Gleason, Cambria County Republican chairman, says he resigned as head of the Johnstown office of the Pennsylvania Manufacturers' Assn. after a political difference with G. Mason Owlett.

Owlett, national GOP committeeman from Pennsylvania and president of the P.M.A., said two weeks ago he "fired" Gleason because of "disloyalty."

"I was not fired by Owlett as manager of the P.M.A. office in political difference with Owlett," Gleason told a television audience last night over station WTPA.

Gleason said the political difference arose when "Owlett told me early in 1950 I would have to vote for John C. Kunkel and Jay Cooke."

Kunkle of Harrisburg and Cooke of Philadelphia, respectively, made unsuccessful bids for the GOP nomination of the U. S. Senate and the governorship of Pennsylvania. They lost to U. S. Sen. James H. Duff and Gov. John S. Fine.

**Backed Jim Duff**  
"I was for Duff and I resigned my post with the P.M.A. because I was told to be for Kunkel and Cooke," Gleason said.

Earlier, Gleason demanded that Owlett be deposed as national committeeman.

The Johnstown attorney said the P.M.A. is an organization that "just doesn't have the political influence in Pennsylvania which is often credited to it."

Returning to Owlett, Gleason said "I don't think he (Owlett) speaks for the whole Pennsylvania Manufacturers' Assn. and it's absolutely wrong to think that Owlett raises all the money to finance Republican campaigns."

The Republican state party, he said, will have to have new faces brought in if it is to be rebuilt and Duff will "almost have to play a major part in the new organization."

# SEARCH IS OFF; GIRL ELOPED

NEW YORK (AP)—Sherman Billingsley, owner of the Stork Club, has called off a police search for his 18-year-old daughter Barbara after learning she eloped with a New York photographer.

The girl had been missing since Saturday but her father waited until yesterday before asking police to try to find her. Then last night he telephoned police and said "we know where the girl is. We don't want any more police action."

Barbara telephoned home to confirm the family's suspicion that she had run away to marry John Rogers Christoffers, 28, a commercial photographer who uses the

# Pitched Battle In Streets Of Saigon

SAIGON, Viet Nam (AP)—Vietnamese police and a company of national army troops fought an hour pitched battle in the heart of Saigon's crowded Chinese section early today. Four policemen and two soldiers were killed before the troops surrendered to fire from police bazookas and machine guns.

The fray reportedly started when soldiers refused to pay for items they took from sidewalk vendors. It apparently had no direct connection with the long feud between Premier Ngo Dinh Diem and Gen. Nguyen Van Hinh, who was fired from his post as army chief of staff this week.

# Makes Bid For Harrisburg Rails

HARRISBURG (AP)—An offer to buy all stock of the locally-owned Harrisburg Railways Co. at \$4.50 a share, or a total of \$2,450,218, was filed yesterday with a committee of its directors by Bayou Interests, Inc., New York, which is owned by the investment banking firm of Allen and Co., New York.

The proposal to buy 544,493 shares of outstanding stock was made by Charles E. Thomas of the law firm of Hull, Leiby and Metzger, Harrisburg. The offer will be presented soon to the 1,500 stockholders through a committee of stockholders, some of whom are officers and directors of the bus line.

Harrisburg Railways operates buses in Harrisburg and suburban communities.

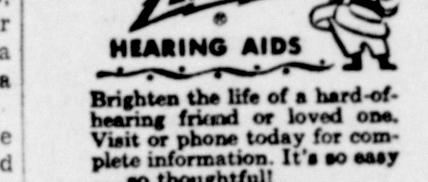

Thomas said the Bayou firm will keep the offer "available to all stockholders until Jan. 25, 1955."

Thomas said that if the deal goes through the new owners will retain Harley L. Swift as president, together with the present operating management.

### Christmas Store Hours

The Taneytown Chamber of Commerce has also arranged for a party for the adults of the community to be held Saturday afternoon, December 18, at 2 o'clock on the town parking lot. In the event of inclement weather, the party will be held in the town hall. There will be a short program, after which 25 gifts will be distributed. Each adult attending the party will be given a free ticket for the drawing. Gifts include turkeys, chickens, fruit cakes, oysters, baskets of canned goods and baskets of fruit and candy.

Harney's new \$15,000 concrete block fire hall is shown above. The fire hall was built on a two-acre plot just north of Harney which also has been improved by a large pond-reservoir to provide water in the event of fire in the community. The three-year-old fire company Sunday held open house at its new home and plans a dedicatory service in the near future. Currently equipped with hand fire extinguishers and similar small equipment, the company hopes to be able to purchase a fire engine. It decided to build the fire hall first because of the need for a community center in the area. (Gettysburg Times Photo)

# BELIEVES IKE WILL CONTINUE POPULAR TO END

By JAMES MARLOW

WASHINGTON (AP)—President Eisenhower has retained such immense personal popularity through the first two years of his term he probably will hold this public esteem to the end.

For a man two years in the White House, he has been almost amazingly free of personal attacks or abuse. For one thing, politicians who might like to take a crack at him may have felt it too risky to tackle a national hero.

But Eisenhower himself, although a novice in politics, has followed the one course best calculated to bring him a minimum of abuse: by making no personal attacks.

May Get Tougher

Perhaps the best example of this is his handling of Sen. McCarthy—he has treated Sen. Knowland of California very carefully too—who has repeatedly stepped on the toes of the administration.

Yet, before his term is up Eisenhower may think it necessary to take a far tougher position on matters affecting his administration. More than his own personal popularity is at stake these next two years.

In 1956 the voters will decide not only whether the Republicans should stay in office but perhaps even the future of the Republican party itself.

# He Still Popular

The Republicans as a whole cannot claim equal popularity with Eisenhower. There are two examples of that: He ran far in front of the party in 1952; and the Republicans lost control of Congress in the elections in last month's elections while Eisenhower's popularity rating was still regarded as high.

The Republicans will not present an enticing spectacle to the voters if between now and 1956 they show themselves split on domestic and foreign affairs, with some of them in steady opposition to Eisenhower or at least to his administration.

In the end, if the Republicans spend their time and energy in splits and wrangles, Eisenhower may have to depend on the Democrats—who are slated to be in a

# Hold Boy Pending Probe Of Shooting

WILKES-BARRE, Pa. (AP)—A 16-year-old Northampton County youth has been tentatively committed to Kist-Lyn Industrial School at Drums, near here, pending further investigation into the fatal shooting of a deer hunter Monday.

The boy is James Lambert, Allentown R. 4. He is alleged to have fired the bullet which killed Robert Dilly, 32, of Weaverville, while a party of seven, of which the two were members, was hunting in the woods in Carbon County between White Haven and Blakeslee. The Lambert youth's father was also in the hunting party.

No charges have been lodged against the boy, pending further investigation, according to state police at Fern Ridge.

# WON'T BACK GAS CONTROL RULING

PHILADELPHIA (AP)—The American Municipal Assn. today rejected a proposed resolution to endorse a Supreme Court ruling which opens the way for regulation by the Federal Trade Commission of natural gas rates.

Mayor William C. Kemp of Kansas City, Mo., chairman of the AMA's resolutions committee, said the matter was not being sent to the convention floor for discussion. The resolution was scheduled for discussion at a resolutions committee public hearing, but Kemp said it would not be discussed during the executive session.

The Supreme Court ruling said that the rates of natural gas could be regulated at the wellhead—that is, at the source of production of the gas. Natural gas representatives at the public hearing contended the court ruling would eliminate the present setup of the producer selling his product for whatever price he can get from the gas companies.

# LONDON (AP)—Security police questioned the 60 crew members of the 1,120-ton Royal Navy submarine Artemis today in an attempt to discover who tried to sabotage the craft's engines while en route to exercises in Scottish waters last Wednesday.

The admiralty, announcing the investigation, said no charges had been made against anyone. It gave no indication of how the sabotage try was made.

in over-supply, Barkdoll said. The cooperative sold the excess milk elsewhere, he added.

Cites Ad Programs

He described the advertising program conducted in the Philadelphia area by the cooperative and through the Dairy Council, of which it is a member, "as paying off handsomely, in increasing the use of milk in the area."

Speaking of a meeting of Interstate directors with milk dealers of the area, Barkdoll added, "Sometimes we feel there is too big a spread between the amount paid to us as milk producers and the amount paid by the ultimate consumer. But you find yourself impressed when you meet with the dealers and learn the costs they have and the work they do. The 18 dealers in the Philadelphia area spend \$3,000,000 per year for advertising. They have arranged with Temple University to train their milkmen in salesmanship."

Dunning reported that the co-op has a reserve of \$743,079.26. "That may sound like a lot of money, but actually, if the absolute worst happened, a general strike or something that would prevent any sales whatsoever of milk, and the cooperative would have to pay its 6,347 members for their milk and be unable to sell it, that \$743,000 would last just six days."

Rev. Smith Speaks

The report showed \$505,006.09 in government bonds. Assets total \$1,068,736.97. Operation of the co-operative during the year cost \$349,290.18 of which \$32,000 was spent for advertising.

Rev. Nevin E. Smith, pastor of Emmanuel Reformed Church, Hanover, spoke on "Food for Thought."

"The best day in farming will be tomorrow, because of the new ideas, new developments, new training of youth," he said. "In my father's day he and his eight children, six boys and two girls, two hired men and 18 horses handled the family farm. And we worked from dawn until after dusk at back-breaking labor. Today my brother operates the same farm, with no horses, but with several tractors, and two men. We had one-horsepower locomotion, or we walked. Today my brother drives a Packard and his son an almost equally expensive car. And the

# UNITED NATIONS, N.Y. (AP)—The U.N. Assembly's top Political Committee turned to the stormy Korean question today. The Western Powers rallied to oppose expected Russian demands that Red China be given a voice in the debate.

As the 60-nation committee prepared to take up the controversial question, American sources said U.S. Delegate James Wadsworth would call for inclusion of South Korea in the debate but would stand firm against any bid to Peiping or North Korea.

For the past four years the United States has opposed Soviet bids to include the Chinese Reds in the Korean debate.

# Dies In Slag Pile In Rescue Attempt

LORAIN, Ohio (AP)—Caught in a collapsing slag pile, the general manager of the Lorain Slag Co. was crushed to death yesterday while trying to rescue a trapped employee.

William F. Miller, of suburban Bay Village, had tried to save Henry Kraemer, 23. Kraemer was in serious condition in St. Joseph's Hospital with back injuries and possible fractured ribs.

The slag had become caked over a 15-foot pit opening into a conveyor system that led to a freighter on which it was being loaded. Kraemer stepped onto the pile and it collapsed. Miller rushed to his rescue but dropped from sight.

Kraemer, whose head was visible, was pulled out first by workmen who later extricated Miller.

Molotov, one of the three chairmen of the abortive Geneva talks on Korea, let Red China's Premier Chou En-lai carry the ball all during the Korean phase of those negotiations. The talks finally broke down last June after weeks of fruitless bickering between the Reds and the West.

The United States has been sounding out delegates on a proposed resolution which would accept the report on the Geneva conference submitted by the 15 U.N. allies. It would also have the Assembly reaffirm that its objective is peaceful achievement of unified Korea under a representative government.

Indian Delegate V. K. Krishna Menon has been trying to sell the West on a resolution which would keep the three chairmen of the Geneva conference on tap to resume negotiations when such appears timely.

## SPENDING FOR U.S. DEFENSE AND GUIDED SHELLS TO BE INCREASED

By ELTON C. FAY

WASHINGTON (AP)—The Pentagon plans soon to increase its spending for continental defense and guided missiles.

Secretary of Defense Wilson included those items among several he said would call for heavier outlays in the 35-billion-dollar expenditure budget he foresees for the fiscal year beginning next July 1. Total spending at that level would be about half a billion less than docketed for the current year.

Wilson gave no details, but expenditure for his year for continental defense — interceptor planes, anti-aircraft weapons and radar warning networks in the United States, Alaska and Canada — are expected to be about 600 million dollars.

**Seek New Carrier**  
The Pentagon also will seek authority to build a fifth 60,000-ton supercarrier, Wilson said in answering questions at a news conference yesterday. Three of the huge carriers are now under construction and a fourth has been authorized by Congress.

In the discussion of supercarriers, reporters asked Wilson's opinion of an address by British Field Marshal Lord Montgomery this week in which he expressed the view that the day of the aircraft carrier is "approaching its end."

The U.S. Navy finally obtained approval to start the supercarrier program only after several years of

## Policeman Killed In Car-Truck Crash

PHILADELPHIA (AP)—Joseph D. Haddon, 59, an Upper Dublin Twp. policeman for the last 17 years, was killed in a car-truck crash in suburban Maple Glen yesterday.

Haddon, of Fort Washington, Montgomery County, was off duty at the time of the accident. Police said his car collided with the truck of Ralph Sica, 19, of Philadelphia. The policeman's car overturned and he was pinned beneath it, police said. Sica was treated at Abington Memorial Hospital for cuts and bruises.

controversy and over the objection of the Air Force. Obviously with this controversial background in mind, Wilson said of Montgomery's comment:

"He is a very brave and bold man to come into another country and give some advice."

Another query was prompted by an address last week in which Air Secretary Harold Talbott discussed the difficulties of continental defense, including the use of anti-aircraft guided missiles. Talbott did not specifically mention the Army's Nike missile, although in the text of his talk he spoke of a missile used against an obsolete propeller-type bomb.

Asked if he thought the Nike had been "oversold," Wilson replied that while on a recent inspection trip on the West he had seen the Nike fired, "and it looked like quite a weapon to me." He said the test was against a drone plane which he thought might have had a speed of 200 or 300 miles per hour.

Per capita human consumption of grain and potatoes in the United States declined about 40 per cent between 1909 and 1952.

## LARGE BARN IN CUMBERLAND COUNTY BURNS

Fire fanned by high winds destroyed a large barn, a milk house and the contents of both buildings Tuesday morning on a farm located in Cumberland County about five miles north of Dillsburg and just southeast of Boiling Springs.

James Brymmer, Carlisle R. 6, non-resident owner of the farm, estimated the loss at \$80,000 and said part of the loss was covered by insurance.

Cattle were removed from the burning barn by the tenant, Malcolm Gunt, before firemen arrived. Cause of the blaze is unknown, firemen said.

Machinery Lost

The barn measured 84 feet by 90 feet. The destroyed contents included about 40 tons of hay, 50 tons of straw, a binder, cultipacker, rubber-tired wagon and hay bale elevator. Electric stable cleaners were recently installed in the barn.

The 16-by-24-foot milk house contained two milk coolers, other milking equipment and the electrical pump to the farm's water supply system.

A 12-by-40-foot silo adjacent to the barn also was destroyed.

Trucks Haul Water

Firemen prevented nearby hog pen and implement sheds from igniting by spraying them with water. Winds carried sparks from the fire across the buildings.

Dillsburg Fire Company, two companies from Carlisle and firemen from Mt. Holly, Boiling Springs and Mechanicsburg fought the blaze to about 1:30 p.m. Gunt discovered the blaze about 10:30 a.m.

Two tank trucks owned by Hempt Brothers' Construction Company, Camp Hill, shuttled from Yellow Breeches Creek, located about two miles from the farm, supplying water for the fire apparatus. The trucks were being used by construction company employees working on a nearby road.
